📖 **README.md**

PAExec

Download

Binary versions of PAExec are available at:

http://www.poweradmin.com/paexec/

What is it?

PAExec is a free, redistributable and open source equivalent to Microsoft's popular PsExec application:

http://technet.microsoft.com/en-us/sysinternals/bb897553.aspx

Documentation

The main PAExec page shows all of the command line options.

http://www.poweradmin.com/paexec/

License

Basically anyone can use the software for private, public or commercial uses, including using it as part of a distributed commercial application. No payment or attribution is required.

The legalese that says the same thing: http://www.poweradmin.com/paexec/paexec_eula.txt
